**Job Position:** Project Manager

### **Position Overview**

Park Construction Company, a regional Highway/Heavy contractor established in Minneapolis, is searching for an experienced Project Manager. The right person will demonstrate a high safety standard, leadership skills, and ability to work in a team environment.

This position requires management of projects and job supervisors throughout the Midwest. Frequent travel to these projects will be required. Park offers an excellent salary, benefit package, and promotional opportunities.

### **Requirements**

- Experience: At least 5 years of successful project management experience in the highway, street and bridge construction industry
- Knowledge: Generally-accepted construction methods for this industry
- Education: High school or equivalent
- Ability to:
  - Create and execute project work plans and revise as appropriate to meet changing needs and requirements
  - Manage day-to-day operational aspects of a project and scope
  - Manage project budget
  - Identify resources needed and assign individual responsibilities
  - Minimize our exposure and risk on a project
  - Understand construction document requirements and blueprints to a sufficiently high degree

NOTE: This job description is not intended to be all-inclusive. Employee may perform other related duties as negotiated to meet the ongoing needs of the organization.
