

Job Position: Superintendent

Position Overview

Park Construction Company, a regional Highway/Heavy contractor established in Minneapolis, is searching for an experienced Superintendent. The right person will demonstrate a high safety standard, leadership skills, and ability to work in a team environment.

Park works throughout the Midwest with a large portion of work in North Dakota. Travel to these projects will be required. Park offers an excellent salary, benefit package, and promotional opportunities.

Requirements

- Experience: Superintendent experience in the highway, street and bridge construction industry
- Knowledge: Generally-accepted construction methods for this industry
- Education: High school or equivalent
- Ability to:
 - Lead and organize skilled workers
 - Use and direct the use of heavy equipment pertinent to this industry, as well as with light equipment and tools
 - Use packaged software on laptop computer
 - Understand construction document requirements and blueprints to a sufficiently high degree

<p>NOTE: This job description is not intended to be all-inclusive. Employee may perform other related duties as negotiated to meet the ongoing needs of the organization.</p>

Park Construction Company is an Equal Opportunity Employer.
